To Whom It May Concern,

My name is Amanda Lavoie and I am the Co-Executive Director of Sunny Mountain Daycare Centre. I am writing today to share with you the wonderful experience that we have had while working with Valleywest Landscaping on two recent playground projects.

Shaun and his team have completed our infant and toddler playground and preschool playground at one of our five locations; Andrews Early Learning Centre. They were professional to work with and took the time to work with us to carefully and thoughtfully plan out all aspects of our project. They were able to adjust when we asked and ensured that we were totally satisfied with the result. They worked within the budget that we had available and completed the project in stages for us. The outcome is fantastic, and the children love to learn and explore in the new environment.

We were so happy with the work that this spring they will be completing another playground at another one of our sites.

We would absolutely recommend Valleywest to anyone that wants a high quality playground, completed by a reliable and professional company.

Sincerely,

Amanda Lavoie

Co-Executive Directors
